Reason: The Debtors have conducted a review of the filed proof of claim and any related accompanying materials and their books and records. Based on this review, the Debtor submits that the customer asserted cryptocurrency quantities and fiat grossly overstate the quantities and holdings in such customer's accounts. No liability exists on account of the 40,000 USDT asserted in the claimant's other activity as the modified tickers and quantities above reflect the claimants holdings as of the petition date. Accordingly, the Debtors seek to reduce such customer's claim to the modified quantities and amounts.

Other Activity Asserted: I have 40 other cryptos (mostly 3X long Token) - I have several others asserted cryptos which aren't listed on box 7. I have many more cryptos that I couldn't add in the "other crypto not previously listed" section as I could only add 4 more.

Reason: The Debtors have conducted a review of the filed proof of claim and any related accompanying materials and their books and records. Based on this review, the Debtor submits that the customer asserted cryptocurrency quantities and fiat grossly overstate the quantities and holdings in such customer’s accounts. No liability exists on account of the other activity asserted as the modified tickers and quantities above reflect the claimants holdings as of the petition date. Accordingly, the Debtors seek to reduce such customer’s claim to the modified quantities and amounts. In addition, based on the Debtors’ review of their books and records, the Debtor entity against which the Proof of Claim is asserted should be modified from the Debtor identified in the Asserted Claims to the Debtor identified in the Modified Claim.

Reason: The Debtors have conducted a review of the filed proof of claim and any related accompanying materials and their books and records. Based on this review, the Debtor submits that the customer asserted cryptocurrency quantities and fiat grossly overstate the quantities and holdings in such customer's accounts. No liability exists on account of the 7 NFTs asserted in the claimant's other activity as the modified tickers and quantities above reflect the claimants holdings as of the petition date. Accordingly, the Debtors seek to reduce such customer's claim to the modified quantities and amounts.

Reason: The Debtors have conducted a review of the filed proof of claim and any related accompanying materials and their books and records. Based on this review, the Debtor submits that the customer asserted cryptocurrency quantities and fiat grossly overstate the quantities and holdings in such customer's accounts. The additional account referenced in the claimant's other activity is currently an account with an active scheduled claim. The modified tickers and quantities above represent the claimant's holdings at petition date for the account in which the claim was filed. Accordingly, the Debtors seek to reduce such customer's claim to the modified quantities and amounts.

Reason: The Debtors have conducted a review of the filed proof of claim and any related accompanying materials and their books and records. Based on this review, the Debtor submits that the customer asserted cryptocurrency quantities and fiat grossly overstate the quantities and holdings in such customer's accounts. The additional customer code asserted in the claimant's other activity represents an account with an active scheduled claim. The modified tickers and quantities above represent the claimant's holdings at petition date for the account in which the claim was filed. Accordingly, the Debtors seek to reduce such customer's claim to the modified quantities and amounts.
